Una linea di box in ABS, dal design accattivante, caratterizza i nuovi set assortiti FASANO Tools.

Particolarmente resistente agli urti, i nuovi box FASANO Tools sono stati curati nei minimi particolari.

Le chiusure clip sono in alluminio e con sistema di aggancio/sgancio completamente in acciaio.

La maniglia è prodotta utilizzando ABS e gomma, per garantire un giusto equilibrio tra robustezza e piacevolezza nell'impugnatura.
